CONDOLENCE MESSAGE

I write with a deep sense of loss to condole with you and members of your family on the transition to eternal glory of your patriach **HRH EZE NGOZI ANYAEHIE** at the age of 76 years.

Much as I was in the know of his health challenge, I never imagined he will not pull through because on each occasion I spoke with him he sounded very strong and assuredly confident. However that is the mystery of death. It must come to all mortals and no one knows when it comes knocking.

I urge you to accept his passing with equanimty and as the will of God to which we are bound. Further be comforted by the fact that he ran the race of life successfully, creditably, admiringly and in fulfilment.

My family and I comisserate with you at this sad time. It is our fervent prayer that the Almighty shall console you, imbue you with the strenght and courage to grapple with the loss and accept his soul to keep in paradise.

HON. JUSTICE K.A. OJIAKO
