## TRIBUTE TO A GREAT ICON

O Death!!! What a big blow you meted out on us this time. Receiving the news about your demise, was a big shock to me.

Enyioha, indeed your life was a total description and display of the meaning of your name. You truly lived out the essence of your name **ENYIOHA**.

We had known ourselves and been in bond of friendship for over 40 years, not forgetting to mention that he was also my brother-in-law (being married to my cousin).

The history of Nkwerre Empire cannot be written without making mention of Eze Imenyi and his clan's selfless contribution.

The Nkwerre Empire which consists of four (4) autonomous communities, which are; Onusa Nkwerre, Nnanano Nkwerre, Amanano Nkwerre and Nnanato Nkwerre, will indeed miss you.

Most people were born anonymously, we thank God you did not die anonymously, rather you died a great and impactful king of Nnanano Kingdom.

This void death has created by taking you away, will be difficult to refill.

Gaa nkeoma, may the Almighty God grant you a great reception into His bosom.

Eze Elect Nnanato-Nkwerre Kingdom

Signed:
