

## TRIBUTE TO A COLLOSUS HRH EZE NGOZI ANYAEHIE

Death is an inevitable end to all mortals, hence your departure to eternity is a natural phenomenon. The vacuum created by your death remains a yawning gap that will be difficult to fill. Chief, as we fondly call you, you were a peaceful and benevolent man who used your enormous resources for the benefit of people around you and community at large. You did your best to ensure that peace reigned in the family and the community.

You were an outspoken, brave, ballsy and fearless icon who was never afraid in standing tall for the truth, justice and equity in every occasion.

You were a trailblazer, a visionary leader and a colossus. Truly, words elude me to describe your wonderful personality.....your love and empathy towards ME.

You were so ACCOMMODATING not just to your family members but towards outsiders. What you could not give was what you never had.

You created an environment of satisfaction for your family and raised the bar to such enviable height that befits the status of Royalty which echelon height you seated.

You were a man of integrity, industry and diligent manager of men and resources, qualities that elevated you to the strata of leadership from “Enyi-Oha to the pinnacle of “HRH Eze Imenyi” of Nnanano Nkwerre Autonomous Community. Nkwerre LGA. Imo State.

Now that the end has come to your life here on earth, I pray that God will provide a substitute of your kind for the substance of your worthy legacies and that the good Lord will find you worthy to

enjoy the eternal bliss in the heavenly places by Christ Jesus and give the other members of the entire Anyaehie family the strength and fortitude to bear this irreparable and monumental loss.

You would always be remembered for your uprightness and uncompromising disposition.

I thank God for giving me the serenity to accept the things I cannot change, wisdom to change the ones I can, and knowledge to know that you are resting in Gods' bosom.

Rest in peace Eze Ime Enyi
